

Whyte Yarcowie Wind Farm Community Sponsorship Fund

This community fund of up to \$10,000 per year, with individual sponsorships of up to \$2,500, **applies** in the **development stage** of the wind farm only. Wind Prospect are keen to make a positive difference for the community by providing financial assistance and support to community initiatives and events in the local area.

For the **community sponsorship fund**, there must be a defined project that will create a **positive outcome** for the community.

Applicants must be a community-serving, not-for-profit organisation that is an incorporated body.

Applicants must demonstrate that:

- the organisation or the proposed project contribute to positive outcomes in the community with broad support
- the work has good prospects of successful implementation and long-term costs and maintenance have been planned for.

Handy hints for a successful application

Please consider these points when you are preparing your sponsorship form. Where possible:

- demonstrate value for money
- show a clear need in the community
- provide quotes received from tradespeople, suppliers, or service providers
- send us updates and photographs about the work within 12 months of the receipt of the grant.
